

Hoste

Welcome to
Our World

ABOUT US

People make great venues

When we started in 2007 there was one thing we wanted to develop as we grew and that was our teams. People sit at the heart of everything we do. Without them, we'd just be the proud owners of some beautiful buildings.

We're proud of everyone in our business: the people here now, the people who came before them, and the standards they've all left us to carry forward.

They're the heartbeat of Hoste. We have great venues, brilliant food and an outstanding range of drinks, and our goal is to delight you on every visit. But what really makes a visit special is the team, passionate people building real careers in hospitality.

CONCIERGE SERVICE

Bookings without the hassle

We've invited you to join our Ambassadors Club because you've helped make us the business we are today, and we hope you'll keep supporting us for years to come.

Our aim is simple, to make your life easier, especially when it comes to events and nights out. That's why we've given you your own booking agent. No deposits, no lengthy forms. Just email or WhatsApp us and we'll take care of the rest.

Someone will be on hand every weekday to manage the details, big and small.

Our Venues

SOMERS TOWN COFFEE HOUSE

Our first London pub

The Somers Town Coffee House is our village pub in the heart of London, with a few twists.

Downstairs, our dark oak clad main floor pours a huge range of cask ales, craft beers and lagers, alongside an extensive list of gins and wines.

Tucked in the basement is Cosy, our cocktail bar, open for private hire Tuesday to Saturday. Upstairs, hidden behind a bookshelf is, Ssshh, our secret meeting and dining rooms. Four unique spaces on the first floor seat everything from intimate parties of two to groups of twenty.

COSY

Comfy cocktails

Cosy is our relaxed, comfortable cocktail bar, tucked away in the foundations of a coffee house built in 1790.

It's proper cocktails without the gimmicks or the pretension, a haven from the chaos of the big smoke. We serve classics and seasonal drinks with the same free thinking spirit this place was built on 230 years ago!

THE VICTORIA

East London pub, big on fish

Tucked away in the heart of East London, just a stone's throw from Mile End tube station and close to Victoria Park, this historic inn has been given a new lease of life.

Run by an incredible team, The Victoria serves a unique fresh seafood menu of sustainably sourced fish, alongside a great selection of wines,

a wide range of beers and fantastic cocktails, at the bar or at your table.

Our walled beer garden is a real sun trap, perfect for food and drinks outdoors. A traditional pub with a distinctive seafood offering, The Victoria and the team look forward to seeing you soon.

ABOVE THE VIC

20 years in the making

Tucked away 'above' The Victoria pub in Mile End, East London. Above is a flamboyant, colourful venue with an intimate setting and a menu celebrating over 20 years of welcoming guests.

Open Friday and Saturday evenings, our first-floor dining room serves seasonal menus featuring favourite dishes from our past, including highlights from our award-winning pubs. A celebration of our past and future, Above brings together exceptional hospitality, incredible food, and the people who helped shape our dining rooms over the decades.

Expect character, good vibes, and one of East London's most distinctive dining experiences. Booking is recommended. Come hungry!

FABER

Fresh fish caught for all

Our independent neighbourhood wine & seafood restaurant in Hammersmith, bringing the very best UK home shores have to offer.

We source sustainable British seafood and the best artisan drinks from around the country's coastline. Open daily from midday for affordable lunches, coastal cocktails, British wines, craft beer and daily fresh fish and shellfish, just moments from Hammersmith Station in West London.

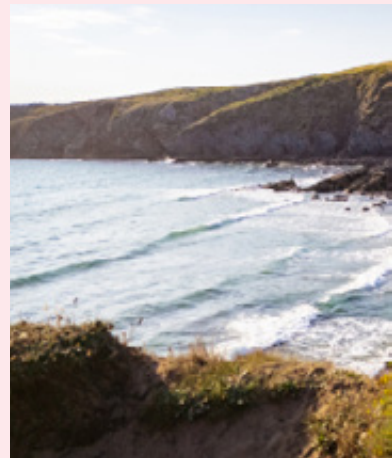

One thing our little island should be proud of is it's coastline. Home to some of the best seafood in the world, produced with some of the best sustainable practices to boot.

We wanted to bring that to London, a welcoming, comfortable and affordable way to showcase the very best of what our shores and waters have to offer.

We're fanatical about our ingredients. We've spent years tracking down hidden gems along our coastlines, from fishing towns and distilleries to breweries, farms and foragers, and we're not stopping. We keep a journal of every road trip and every find along the way.

TALLYMAN

The classic East End boozer

Inspired by the tallymen who once counted and recorded the cargo arriving at London's docks, the honest and most decent of peoples. Tallyman is our homage to the docklands of old.

Our menu showcases the best of British produce, from sustainable seafood and seasonal ingredients to expertly grilled favourites and

comforting pub classics. Great pints, great snacks, live music, and even a classic London fish shack on the waterfront make this a corner of authenticity in one of London's most vibrant districts.

TRIBECA

Public house, Chop house, Club house

Arriving late summer 2027 as part of a brand new district close to King's Cross and Camden, just a stone's throw from the historic Regent's Canal, once the bustling commercial artery connecting London to the industrial powerhouse of the north.

Three venues in one, a proper canal side pub for all occasions, a chop house serving British cuts to make you salivate, and a rooftop club house for sun soaked, laid back drinks and events.

Social Spaces

MEETING SPACES

Working from pub

For over a decade, we've provided meeting rooms and hot desks for anyone looking to escape sterile offices and standard issue conference rooms.

All rooms are bookable directly, sensibly priced, and suited to groups of 4 to 30, with a full menu available throughout the day, plus the obvious perk of after work drinks in the same building.

EVENT SPACES

Curated for you

Private dining, social dining, drinks receptions, alfresco spaces. As an Ambassadors Club member, you can book any of them with ease.

We've built packages so your event or dinner is managed by our team, with none of the hassle of online bookings or menus that don't fit the occasion. Every venue is unique, and we're flexible on group size. Whether it's a special occasion for two or a party for 200, we'll take care of it all.

OYSTER BAR

Freshly shucked

Fresh oysters, straight from the farm, shucked by our Faber team right before your eyes.

Served naked or seasonally dressed, and presented individually by a knowledgeable, professional team from our five star restaurant, where we shuck over 20,000 oysters a year.

Perfect for drinks receptions and premium events where theatre and service matter. We'll bring the oysters, the bar and the shuckers, and add something special and unique to your event.

EXCLUSIVE EVENTS

Be in the know

Our team loves creating new menus and events, so throughout the year we'll run a series of exclusives for Ambassadors Club members, including partnerships and collaborations you won't find anywhere else.

We'll also keep you in the loop on wider events and key dates, with early bird booking whenever we expect demand to be high.
